## Full Time Courses

In D.I.C. we Provide two different full time courses for student to fulfill their dream of being student in one of the prestige universities in Hungary.

Full courses are one year academic program which prepare student for entrance exam of universities and best opportunity for student to adapt with new environment before they enter to university since they won't have enough time once they accepted. Another benefit of preparatory courses is that it help student to challenge their self by living alone and separated from their family mostly for the first time. Student can choose between Pre-Medical or Pre-Engineering full time courses.

# Driss International College

## Pre Medical

Pre Medical course is designed for student who would like to achieve their dream of studying in Medical field and become a Doctor or Dentist or any other health provider. Medical universities in Hungary are one of the most recognized by any universities in the world due to long history, highly experienced and very high standard academic education.

---

Pre Medical course will prepare student for entrance exam of Universities which is very selective due to limited places available for international student. It will also help students to ease up their time during the first and second year of university since many subjects would be covered in this course.

Also Medical language is based on Latin language which make it necessary even for native English speaker to learn Medical terminology and useful basics to pass the entrance exam.

# Driss International College

## PM Subjects

# Driss International College

## Pre Engineering

Pre Engineering course is designed for student who would like to follow their dream of being a great engineering and help the world to be a better place to live.

---

B.M.E. university is one of the out standing technical university in Europe and highly respected by all prestige technical universities all over the world.

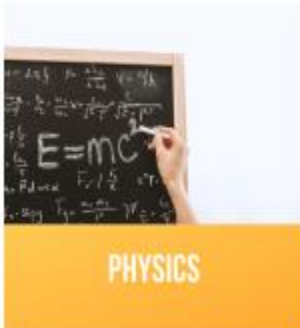

This great course will prepare student for entrance exam of technical universities which is highly selective due to limited places available.

## PE Subjects

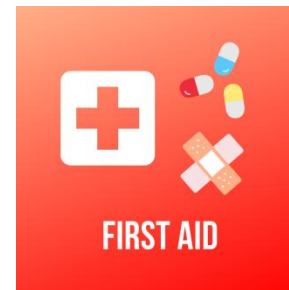

# Driss International College

## Part time Courses

Part time programs consist of two professional courses which has been designed specifically for dentists or student who prefer to extend their knowledge. These courses are short few days courses and available few occasions through the academic year.

# Driss International College

## Dental Courses

Implant hand courses contain two parts. Theoretical and hands on. In theoretical part, you will learn all necessary information regarding to implantation and in practical part, you will place an implant while getting assisted by a professor. These courses are one or two days long, depend on type of the course.

**These courses are accredited by Szeged Medical university and you will receive a certificate at the end of the course.**

## About Hungary

Hungary is a beautiful central European country with population around 10 million people who speak Hungarian language. Unique culture make it totally different from its neighbors. Danube river pass through the country and divide the capital city, Budapest, into Buda side and Pest side. Hungary has more thermal water springs than any other European country and some are very famous for relaxation or medical treatment.

Very high quality education, offered by Hungarian universities and hospitality toward foreigner, make this country the first choice and the most desirable country for foreign student. Also Hungary considered as one of the safest country in the world which make it fantastic for student life.
